Community Outreach (Helen Duteau)

- Ex. 5 - Deliberative
- Alex Mandell (CIC) was on site today taking photographs of sampling activities. He will send photos to the region this weekend for review. CIC interactions with residents continue to go well during sampling activities.
- Media attention continues to be sporadic. No EPA interviews were given today but media continues to talk to local residents.
- Trish Taylor (CIC) received a voice message from a CNN producer regarding filming next week. At this time, Trish continues to follow up in an effort to make that connection.
- Both Trish and Alex Mandell (CIC) demobilized for the weekend.
- The communications team in the region continues to work with Incident Command to draft a communications strategy on how the sampling results will be released and communicated to the residents and public. The goal is to have this draft strategy completed by Monday, January 30, 2012.

LEGAL ISSUES (Humane Zia)

Ex. 5 - Attorney Client

State Coordination

- Ron Borsellino talked to Scott Perry, Deputy Secretary for Oil and Gas Management of DEP. Talked about ongoing work in field and proposed meeting with Cabot. Scott was interested in the State participating, having EPA share the data we get from Cabot and having a pre-meeting between DEP and EPA prior to the meeting with Cabot. Ron agreed that we will work together on this.

Let me know if you need additional information.
